

GIANTS LOSE AND FALL BACK

PIRATES BEAT THEM AND CUBS TAKE THE LEAD.

Champions Trim the Brooklyn and One of Their Defeats Is Thrown Out of Close Game in Pittsburgh. Plugging Phillies Blanked by Cincinnati Reds.

The defeat of the Giants in Pittsburgh yesterday and the fact that a Pittsburgh victory over Chicago has been thrown out by President Lynch combined to detach the Giants from first place. The Cubs, beating the Brooklyn, gained a game and half on the Giants at one fell swoop and eased themselves into first place. The plugging Phillies went up against the recuperating Reds and emerged with a shut-out. Manager E. J. Ryan and his staff in St. Louis.

PITTSBURGH, June 6.—Misplays by the Giants were much to blame for their defeat by the Pirates today. The Cubs, in the pitching of Raymond or Crandall. It is true there was some resounding hitting off Raymond in the fifth inning, which proved to be the fatal inning for the Giants. But this could also have been thrown by A. Wilson and his outfield mixup between Snodgrass and Murray on a line drive. The game was played with much bitterness and wrangling and snarling over the decisions of Umpires Rizer and Finnegan. The weather was threatening, but nevertheless about 5,000 persons turned out.

Leifeld beat the Giants down well except in the sixth inning, when they did all of their scoring. Crandall went to bat for Raymond in the fifth inning and hit a home run, which was the only run scored by the Giants. Crandall scored and there still were two on bases. Snodgrass sent those two home in a hurry, peeling off a fence breaking two bager.

Snodgrass pushed forward to third when he was hit out to Casey, a great play by Byrne then shut off the tying run. Merkle whipped the ball along the base line, but Byrne pounced on it and shot it to first. Finnegan called Merkle out at first, ending the inning, but the Giants protested that the throw was bad. Merkle, who had been hit by a ball, was taken to the hospital. The Pirates harvested a tally in the second inning, when they scored three runs. The Pirates also did some warming.

With one out and Merkle on third, Simon threw to Byrne to catch Merkle. Merkle interfered with the throw. He was called out for the interference, and right after that, Crandall hit a home run, which would have scored Merkle.

AS JOHNSON SAILS HE DISCUSSES RING MATTERS.

Ready to Fight Bombardier Wells, McVey, Jeannette and Langford Abroad if He Can Get Enough Money. Flynn-McIntosh Fight at Tulsa on July 4.

"If Miss McIntosh shows me enough real money, why of course I'll fight and body," remarked John A. Johnson, heavyweight champion of the world, just before he sailed for England yesterday morning. "Please remember that I'm a fighter and I'll fight for anything. I'll fight for anything and I'll fight for anything."

"I read in some of those English sporting papers that a big fellow named Wells, Bombardier or some such first name, is real ready to fight me. I'll fight him if he can keep away from me for five rounds. I have no hard feeling toward Miss Wells and I wish him well, but if he wants to fight me, I'll fight him. I'll fight him."

Chicago Post Sustained and Game of May 30 Thrown Out.

President Lynch of the National League yesterday ruled on the protested game of May 30 (morning), protested by Chicago, and the result is Chicago is minus one defeat and Pittsburgh minus one victory.

"This game was won by the Pittsburgh club by a 10-0 and protested by the Chicago club on the grounds, first, that the field umpire called the wrong player out, and second, that the result of said decision a second runner was wrongly declared out by the umpire in chief.

"In the eighth inning Sheen of Chicago was on first base with one out. Archer hit a fly ball to the infield, which was dropped by second base. The ball was then hit by second base for a force out. With both men and Archer holding first base, Field Umpire Doyle called Archer out, claiming that Wagner had intentionally dropped the ball.

A careful investigation shows that the field umpire called the wrong player out, and second, that the result of said decision a second runner was wrongly declared out by the umpire in chief.

The new order of things in the American League regarding pitchers warming up before innings and intended to expedite games is as follows:

A pitcher can do all the warming up he can in the clubhouse before he goes to the mound. He can warm up in the clubhouse before he goes to the mound.

POLA MEN POLYDEE WEATHER

GAME AT MEADOW BROOK CLUB FIELD TO-DAY RAIN OR SHINE.

Both Americans and Englishmen weary of inaction and keen for combat. Defenders still favorites in all wagers. Travelling Plans of Players.

In postponing the second game for the international polo club yesterday for the second time on account of rain the Polo Association committee and two American and All-England captains agreed it would be played this afternoon at 4:30 o'clock in storm or sunshine. Nothing less than a cyclone, waterpout or cloudburst will again stop the play.

The midnight weather prediction was "showers, variable winds, mostly easterly." The forecast was not very accurate, but on such days as the last two of postponed games, but with an international cup at stake all concerned have been willing to wait a bit and await dry turf and sunshine.

The ponies won't mind the heavy going, but the riders will. The foot and the forelegs are sore, and worrying over the ball will be likely more in evidence than long runs with it. Not because the ponies can't hit up speed on soft turf, but because the turf will be dead and mushy to kill the roll of the ball.

Should the sun upset the weather prophets and reveal a beaming face this morning the polo field will be nearly as hot as the time the game was called. The spongy sand below the turf and the sun with half a chance will make the going all right.

LAWN TENNIS.

New York A. C. to Give Westchester Champions—Other News.

The New York A. C. has been named as the place for holding the Westchester County Association championship lawn tennis tournament. Rufus Davis, Louis H. Freedman, Joseph H. Harley, Alberto Leon, Jr., and Frank H. Pounder, the tennis committee of the club, will work hard to make the affair a success. All the important clubs in Westchester county are members and with the eight new courts of the athletic club as a setting for the men's and women's events the tournament promises to be a most successful one.

West Point lawn tennis players have joined the Hudson River Lawn Tennis Association. For the first time experts with the sanction from the United States Military Academy will be represented in championship tournaments at the coming meeting of the association scheduled for the courts of the Dutchess County Club of Yonkers beginning Saturday, July 8.

At a meeting of the association officials, held over the weekend days, or, as chairman of the committee, and held yesterday, the association, one of the oldest in the country, has increased its membership to thirteen clubs. The "Colonial" Tennis Club of New York City has been elected to membership before the deciding of the championship, as may be seen from the list of members.

From the roster of the various club members in the association it was shown that it includes 8,000 lawn tennis players, many of whom are of the ranking class. These will be represented in the championship of the Dutchess County Club in five events: men's singles and doubles, women's singles and doubles and mixed doubles. It was arranged at the meeting yesterday to place all of the trophies upon the play through basis, so that the winner will be the player who has won the most trophies. A new cup is to be offered for the championship of the association, as Mrs. George A. Chapman of New York City has been elected to the club championship cup, which trophy, is held by the Park Hill Country Club.

The officials of the association for the year 1911 are: President, J. H. Harley, Park Hill Country Club; Vice President, J. H. Harley, Park Hill Country Club; Secretary, J. H. Harley, Park Hill Country Club.

DOGS SHOWN ON BLEAK DAY

LADIES KENNEL ASSOCIATION BRAVES THE WEATHER.

Tents Packed Into Requisition to Protect Pups at Mineola. A. Albright, Jr.'s Newly Purchased King Orang Heaten by Discarded Tintin Royalist.

March when June was more suggestive of weather than June was not conducive to the success of an outdoor dog show, but no one seemed to mind this at the canine exhibition which members of the Ladies Kennel Association of America held at Mineola yesterday. The larger dogs were shown in the open, but for the smaller breeds, which were arranged where they could be protected from the intermittent showers which fell all day. Solitude for the dogs and the anxiety of keeping them at their best made the owners unkind of mundane affairs and they stood around in puddles and discussed the relative merits of their pets.

When A. Albright, Jr., discarded his champion Tintin Royalist it was because he wanted to get one good enough to beat the wonderful "Prince of York from the Victoria Kennel Club. Albright thought that King Orang looked as though he could do the trick, but in this he was disappointed. He was doomed to still greater disappointment, for when he met the discarded champion, Tintin Royalist in the winners' class, poor little King Orang was forced to abdicate in favor of the Royalist. The King evidently felt the inhumanity of his position, and when they were led back to the benches, challenged Royalist to a contest, which the latter overpowered. He did not appreciate that dogs have affairs of honor nipped in the bud.

Another unhappy champion was Mrs. C. M. Hamilton's Mockwork Berte, for he had to yield the palm to John F. Collins's champion, Boston Gladiator. The spectators did not agree with the judges in this instance, but Mr. Crabtree seemed to like the newowner better than he did Berte, the tried and true, although he considered both entries for a long time.

Irish and terriers were noticeably different from those made in the winter show at the Garden. Walter S. Glynn, who judged them, is a stickler for fine lines and small types. Mr. Glynn's was a bone and drawn type, the thin legs and narrow chest of the spectators and owners could not reconcile.

Joseph B. Thomas, who judged the Russian wolfhounds, had the novel experience of seeing a Russian wolfhound, descended of his original importation to this country. Mr. Thomas considers the wolfhounds bred in this country the finest in the world, and Mr. Thomas knows.

H. Reimer Duval showed some splendid dogs in the class of short-haired spaniels. The breed was the black bitch Dispatch. Surrounded by a large family of young sons and daughters she entertained her friends prior to going in the ring. She showed a fine head, a good eye, a good ear and defeated Robert C. McQuillen's Belle V.
